VEHICLE FINANCE

Solving Your Vehicle Finance Needs in Partnership Together

Davenham Asset Finance are specialists in providing vehicle finance with funding solutions from £15,000 - £ 350,000.

With feedback from our brokers, we have introduced this dedicated asset service designed specifically for intermediaries who we work in partnership with, in the near and sub-prime vehicle finance market.

We recognise that the vehicle finance market requires a different approach. Speed and simplicity are our priority when considering vehicle finance proposals.

Tailormade Solutions

We can offer a range of terms to home-owner clients including:

- Non-regulated hire purchase up to 60 months or 48 months with a balloon
- Non-regulated finance lease up to 60 months or 48 months with a balloon
- Refinance up to 48 months

The Need

A new-start business wanted to finance the acquisition of a 2007 Rolls Royce Phantom for £130,000 from Rolls Royce, with previous trading and personal adverse history.

The Davenham Solution

We financed the car on a 48 month Finance Lease with a sensible deposit and the support of a personal guarantee.

The Need

A highly geared truck rental business wanted to finance a Mercedes tractor unit costing £50,000 + VAT from a Mercedes Dealership.

The Davenham Solution

We were able to finance the truck on a 48 month Finance Lease with a 12% initial rental and personal guarantees.
